

## ORDINANCE ENFORCEMENT

### Policy & Procedures

The purpose of this policy is to be proactive in the enforcement of the Briley Township Ordinances by doing the following:

1. Monitor the township on a regular basis by patrolling all state and local county roads within the township on a yearly basis.
2. Initiate contact and/or correspondence with property owners and/or renters that are in violation of any ordinance.
3. Attempt to resolve cases of ordinance violation by personal contact and/or correspondence.

If this is not sufficient to resolve an ordinance violation; issue a citation and/or request the Township Board to authorize appropriate legal action.
